## Building Updates

*We are nearly ready for landscaping!*

This is a busy week...We are days away from the building being electrified! The batton board is being painted as well as the interior walls. Interior framing of doors are on schedule. The entire site is being final graded, and landscaping will be going in early next week with one of our Fox Den family parents (Julian!).

57 days until Day 1!

The building is ours in one month!

## Did you know?

During breaks from public school our scholars ages 5-12 will be able to take part in field trips. These are included in your camp tuition for that week and will be fun and educational. Our scholars will have the opportunity to explore the community and surrounding areas while learning about their theme for the week.

Always remember that parents and grandparents are always welcome on field trips. Or if you want to volunteer to facilitate an activity with your child's class, you are always welcome to do this.

The Fox Den Academy values parent involvement within your child's class and the academy. Michelle or Brittany will make sure that you are good to go!

PARENTS: Please begin to save items like cereal boxes, cracker boxes, magazines, paper tubes, etc. for Fall projects. Thank you!

## Hiring update:

Michelle and Brittany continue to interview potential staff. **(This week alone, they have conducted 23 interviews!!)** The Fox Den Academy sets a high bar for our staff and seeks only the very best candidates to work with our scholars. We continue to seek individuals that have a heart for our scholars and fit The Fox Den values. One candidate accepted this week. We have two more offers out to candidates. Our teachers report for duty July 18.
